Oi! THE INTRODUCTION

This small book is called "WAX & VIOLENCE", part one of a U.S. street punk & skinhead rock 'n' roll discography. It's for the "hunters & collectors", for the vinyl freaks and the music maniacs. It should be a little survival kit in the record jungle. Nothing more and nothing less.
It's definitely not complete, too much stuff was released (esp. since the mid 90's), but the classics and the "real important" records are included … hopefully.
In "Part 1" I consider only the small inches, from 5" – 9", the bigger ones follow maybe in the next part.
The selection of the bands was subjective, they have a great deal in common: they play skinhead related stuff.
This was the only criterion, not their musical talents or their political beliefs. It's no censorship inside, so maybe you'll find some records, which nobody knows but everybody wants….
Maybe some pressing facts are incomplete, incorrect or missing…If you know it better, please send me a note. But please no rumours like " A friend of mine has a mate that have heard… "
The cover section isn't complete, the reason was lack of space and the absence of many sleeves.

US - Bands: If you described yourself as "street punk" or "Oi!" and missed your release in the book, so please get in touch and send me the pressing facts, a short info and the records. Next time you're in "Part Two"…

Dieses kleine Machwerk nennt sich WAX & VIOLENCE und ist der erste Teil einer U.S. Street Punk & Skinhead Rock'n' Roll Diskographie. Es ist für die „Jäger und Sammler", für die Platten – Freaks und die übrigen Musikverrückten gedacht. Es soll ein kleines Überlebens-Set im Schallplatten-Dschungel sein. Nicht mehr und nicht weniger.
Es ist keinesfalls vollständig, zu viele Sachen wurden (speziell seit den Mittneunzigern) veröffentlicht, aber die Klassiker und „wirklich wichtigen„ Scheiben sind enthalten (hoffe ich zumindest..).
Im Teil 1 wurden nur die kleinen Scheiben berücksichtigt, von 5" - 9", die größeren folgen vielleicht im nächsten Teil.
Die Auswahl der Bands erfolgte subjektiv, sie alle haben aber eines gemeinsam: sie spielen Musik welche von Skinheads gehört (und geliebt) wird.
Das war das einzige Kriterium, nicht ihr musikalisches Talent oder ihre politischen Ansichten.
Es wurde keinerlei Zensur ausgeübt, so dass Ihr vielleicht auch einige Platten finden werdet, die eigentlich niemand kennt aber trotzdem jedermann sucht...
Vielleicht sind einige Angaben unvollständig, ungenau oder fehlen ganz...Wer in solchen Fällen etwas Konkretes weiß, möge sich doch bitte melden. Aber verschont mich mit Gerüchten wie „Ein Freund von mir hat einen Kumpel welcher mal gehört hat.."
Bin immer Kommentaren, Anregungen oder Kritik gegenüber aufgeschlossen, also her damit!
Die Cover – Abbildungen sind nicht komplett, größtenteils aus Platzgründen oder weil sie mir nicht zur Verfügung standen.

Havin' a laugh! & Viel Spaß!
